CELLOSTAR

*Casings, Flat rolls and
Flat sheets*

CELLOSTAR is the original COLOR TRANSFER technology with more than 60 years' experience by OCI.

Providing best appearance, food safety, production efficiency and environmental friendly.

During the cooking process, the color is transferred from the base film to the surface of product completely.

CELLOSTAR CSN CASING

The high-barrier casing with color transfer

Applications: For cooked ham, sausage, poultry, fish and processed cheese

Advantage:

- Natural colors
- Improved appearance
- Tender rind
